02
Using only 1 gallon per flush, 1G toilets provide the most efficient flush in the industry.

Uses 100% of water to clean and rinse the bowl using a smaller amount of water more efficiently with a 2.5” trapway and quieter flush. Available in 1.0/.9 GPF or 1.28/.8 GPF.

Water efficient toilets designed with 1.28 gallons per flush or less.

Ultra-smooth ceramic glaze leaves nowhere for waste to cling.

Toilet height that allows for a more comfortable height position across a wide range of users.

Product complies with Americans with Disabilities Act guidelines.

An electronic bidet seat featuring adjustable warm water cleansing, heated seat, dryer, deodorizer and much more.

Air rich water droplets to produce a more comfortable washing sensation and deliver more thorough cleansing with less water consumption.

Mists the bowl with electrolyzed water, a proven disinfectant, keeping the wand and toilet bowl clean to reduce the need for harsh chemicals.

Using the incoming water supply, PREMIST sprays the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.

No need to touch buttons or handles and never worry about someone forgetting to flush — it’s automatic after each use.

Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

Highly effective deodorizing automatically takes places inside the toilet bowl both during and immediately after use, leaving no disturbing odors.

The moment you approach the toilet, the seat begins rapidly warming to a comfortable temperature.

Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.
RAISING THE STANDARD, EXCEEDING YOUR EXPECTATIONS.

The new, improved Drake® toilet comes standard with some of TOTO’s most coveted high-end features.

MORE EFFICIENT
DYNAMAX TORNADO FLUSH® system utilizes 100% of available water for a 360 degree cleaning that reaches every spot.

Drake’s innovative DYNAMAX system generates a vortex that uses a pushing force to create a stronger drain line carry.

MORE EFFECTIVE
CEFIONTECT® ultra-smooth ceramic glaze leaves nowhere for waste to cling.

The hydrophilic nature and nano-level surface ridges make it easier to wash waste particles away.

MORE ECO-FRIENDLY
DYNAMAX TORNADO FLUSH uses 1 GALLON per flush to provide up to 45% in water savings compared to standard 1.6 gpf toilet systems.

New dual flushing options further increase the Drake’s industry-leading water efficiency.
PRODUCT FEATURES

RIMLESS DESIGN

Unlike a conventional box rim toilet, the new Drake® features a rimless bowl, allowing DYNAMAX TORNADO FLUSH® to wash every spot inside the rim, leaving no place for dirt to hide.

SEMI-CONCEALED TRAPWAY

The new Drake is designed with a semi-concealed trapway to create a more seamless bowl. Its modern and discrete shape fits well into any bathroom.

SPACE-SAVING ELONGATED SHAPE

The new Drake has similar space savings of a round bowl without compromising the comfort of an elongated bowl, making it the most compact elongated bowl TOTO has to offer.
